CALEDON POPULATION, 2011 (Overview)

Definitions

Visible minority refers to whether a person belongs to a visible minority group as defined by the Employment Equity Act and, if so, the visible minority group to which the person belongs. The Employment Equity Act defines visible minorities as “persons, other than Aboriginal peoples, who are non-Caucasian in race or non-white in colour”. The visible minority population consists mainly of the following groups: Chinese, South Asian, Black, Arab, West Asian, Filipino, Southeast Asian, Latin American, Japanese and Korean.

Mother tongue refers to the first language learned at home in childhood and still understood by the person at the time the data was collected. If the person no longer understands the first language learned, the mother tongue is the second language learned.

Religion refers to the person’s self-identification as having a connection or affiliation with any religious denomination, group, body, sect, cult or other religiously defined community or systems of belief.

Immigrant refers to a person who is or has ever been a landed immigrant/permanent resident. This person has been granted the right to live in Canada permanently by immigration authorities. In the 2011 National Household Survey, “immigrants” includes immigrants who landed in Canada prior to May 10, 2011.

Economic family refers to a group of two or more persons who live in the same dwelling and are related to each other by blood, marriage, common-law, adoption or a foster relationship. A couple may be of opposite or same sex.

Labour force (L.F.) participation rate is expressed as a percentage of the total population age 15 years and older.

Unemployment rate is expressed as a percentage of the labour force population.
